

Migration checklist

Description	Action
IP authentication	CABI are migrating all your current IP addresses to ensure continuous access to the CABI Digital Library Portal. Going forward after that, we are working with thelPregistry.org to update and manage IP addresses, enabling customers to manage their IP addresses in one place, and to broadcast changes to multiple publishers, including CABI, with one click. You need to be registered with thelPregistry.org who will work with CABI to ensure that your account is linked to CABI. Please contact thelPregistry.org if you are not already registered with them, to get further details on how to manage any changes to IP details for your CABI account.
EZproxy	EZproxy has created an updated stanza for CABI Digital Library, which can be retrieved from the OCLC website (https://help.oclc.org/Library_Management/EZproxy/Database_stanzas/CABI_Resources?sl=en). Please add this to your configuration before October 2023. If you have questions or issues with the new stanza, please contact OCLC for assistance. (Note that during dual running, the EZproxy stanza for CAB Direct should remain in place. At the end of dual running this could be removed.)
Username and password authentication	Customers that use username/password access can contact support@cabi.org to ensure your account migrates correctly.
OpenAthens or Shibboleth	There will be a change the WAYFless URLs. The new structure is as follows: <a href="https://cabidigitallibrary.org/action/ssostart?idp=<entityId of IdP>&redirectUri=<target URL>">https://cabidigitallibrary.org/action/ssostart?idp= <entityId of IdP>&redirectUri= <target URL> Please contact support@cabi.org if you use WAYFless URLs for further details.
Change URLs and update bookmarks	After redirects are put into place, update bookmarks and URLs across your systems to reflect the new location of content e.g.: https://www.cabidigitallibrary.org/ . For more information on this, please contact support@cabi.org
Institutional logo on CDL	If you would like to display your institutional logo or link resolver icon on the CABI Digital Library, you will need to upload that to your institutional admin account. For instructions on how to do this, please see below.
Usage Statistics	Usage statistics prior to product migrations can be accessed from the Sigma portal. After the end of September, usage statistics for CABI Digital Library will be retrieved from your CABI Digital Library admin account. During dual running reports will be available on both systems. We will provide further details on access to legacy reports via the Sigma portal closer to the end of dual running.
SUSHI	Log into your institutional admin account at cabidigitallibrary.org and access the usage reports section. You will find your requestor and your customer reference identifications at the top of the page.
Holdings	You will be able to download up-to-date holdings reports from your CABI Digital Library admin account after launch.
Institutional admin account	Institutional admin accounts will be migrated, but you will have to set a new password once your account has migrated. For more information or to request an admin account, please email support@cabi.org .

FAQs

Do I need to make changes to my EZproxy server?

Please add updated the stanza for CABI Digital Library from the OCLC website (https://help.oclc.org/Library_Management/EZproxy/Database_stanzas/CABI_Resources?sl=en) to your configuration files.

(Note that during dual running, the EZproxy stanza for CAB Direct should remain in place. At the end of dual running this could be removed.)

What actions do Shibboleth customers need to take?

There will be a change the WAYFless URLs. The new structure is as follows:
[https://cabidigitallibrary.org/action/ssostart?idp= <entityId of IdP>&redirectUri= <target URL>](https://cabidigitallibrary.org/action/ssostart?idp=<entityId of IdP>&redirectUri=<target URL>)
Please contact support@cabi.org if you use WAYFless URLs for further details.

Do I need to update my existing links?

Redirects will be put in place at the end of dual running. Here is a list of old and new URLs:

Product	Old URL	New URL
CAB Direct (name of the platform)	https://www.cabdirect.org	https://cabidigitallibrary.org
CAB Abstracts	https://www.cabdirect.org/	https://cabidigitallibrary.org/product/ca
Global Health	https://www.cabdirect.org/globalhealth	https://cabidigitallibrary.org/product/he
Global Agricultural Research Archive	https://www.cabi.org/gara	https://cabidigitallibrary.org/product/rr
AIRCA	https://www.cabi.org/airca	https://cabidigitallibrary.org/product/ar
CABI Scientific Outputs	https://www.cabi.org/cso	https://cabidigitallibrary.org/product/cb
Animal Science	https://www.cabi.org/animalscience	https://cabidigitallibrary.org/product/ZA
Environmental Impact	https://www.cabi.org/environmentalimpact	https://cabidigitallibrary.org/product/ZG
Forest Science	https://www.cabi.org/forestscience	https://cabidigitallibrary.org/product/KG
Leisure Tourism	https://www.cabi.org/leisuretourism/	https://cabidigitallibrary.org/product/3R
Nutrition and Food Science	https://www.cabi.org/nutrition/	https://cabidigitallibrary.org/product/ZD
VetMed Resource	https://www.cabi.org/vetmedresource/	https://cabidigitallibrary.org/product/VE

Will I need to re-register my SUSHI credentials?

If you wish to harvest your usage via SUSHI, log into your institutional account at cabidigitallibrary.org and access the usage reports section. You will find your requestor and your customer reference identifications at the top of the page.

What actions do I need to take to add my library's branding and logos on CABI Digital Library?

If you would like to display your institutional logo or link resolver icon on the CABI Digital Library, log into your account with your institutional username and password and follow the instructions on the Co-Branding page.

My Account
