

# CABI Digital Library

## Migration checklist

Description	Action
<b>IP authentication</b>	CABI are migrating all your current IP addresses to ensure continuous access to the CABI Digital Library Portal. Going forward after that, we are working with <a href="https://theipregistry.org">theIPregistry.org</a> to update and manage IP addresses, enabling customers to manage their IP addresses in one place, and to broadcast changes to multiple publishers, including CABI, with one click. You need to be registered with <a href="https://theipregistry.org">theIPregistry.org</a> who will work with CABI to ensure that your account is linked to CABI. Please contact <a href="https://theipregistry.org">theIPregistry.org</a> if you are not already registered with them, to get further details on how to manage any changes to IP details for your CABI account.
<b>EZproxy</b>	EZproxy has created an updated stanza for CABI Digital Library, which can be retrieved from the OCLC website ( <a href="https://help.oclc.org/Library_Management/EZproxy/Database_stanzas/CABI_Resources?sl=en">https://help.oclc.org/Library_Management/EZproxy/Database_stanzas/CABI_Resources?sl=en</a> ). Please add this to your configuration before 25 July. If you have questions or issues with the new stanza, please contact OCLC for assistance.
<b>Username and password authentication</b>	Customers that use username/password access will be contacted separately with the new login details.
<b>OpenAthens or Shibboleth</b>	<p>There will be a change the WAYFless URLs. The new structure is as follows: <a href="https://cabidigitallibrary.org/action/ssostart?idp=&lt;entityId of IdP&gt;&amp;redirectUri=&lt;target URL&gt;">https://cabidigitallibrary.org/action/ssostart?idp=&lt;entityId of IdP&gt;&amp;redirectUri=&lt;target URL&gt;</a></p> <p>We will be in touch with customers that have requested this in the past with further details.</p>
<b>MARC records</b>	It will not be necessary to replace MARC records after migration as these utilize DOIs and will automatically resolve to CABI Digital Library. MARC records (and KBART files) will be available on the CABI Digital Library by 25 July.

<b>Change URLs and update bookmarks</b>	After redirects are put into place, update bookmarks and URLs across your systems to reflect the new location of content e.g.: cabidigitallibrary.org
<b>Institutional logo on CDL</b>	If you would like to display your institutional logo or link resolver icon on the CABI Digital Library, you will need to upload that to your institutional account. For instructions on how to do this, please see below.
<b>Usage Statistics</b>	Usage statistics prior to 25 July will be accessed from the current Sigma portal. After the relevant launch date(s) noted above, usage statistics will be retrieved from your CABI Digital Library account.
<b>SUSHI</b>	Log into your institutional account at cabidigitallibrary.org and access the usage reports section. You will find your requestor and your customer reference identifications at the top of the page.
<b>Holdings</b>	You will be able to download up-to-date holdings reports from the CABI Digital Library after launch.
<b>Institutional admin account</b>	Institutional admin accounts will be migrated, but you will have to set a new password on or after 25 July. You will automatically receive an email to do this on the launch date.

## FAQs

### Do I need to make changes to my EZproxy server?

Please add updated the stanza for CABI Digital Library from the OCLC website ([https://help.oclc.org/Library\\_Management/EZproxy/Database\\_stanzas/CABI\\_Resources?sl=en](https://help.oclc.org/Library_Management/EZproxy/Database_stanzas/CABI_Resources?sl=en)) to your configuration files. This should be **completed before 25 July**.

### What actions do Shibboleth customers need to take?

There will be a change the WAYFless URLs. The new structure is as follows:

<https://cabidigitallibrary.org/action/ssostart?idp=<entityId of IdP>&redirectUri=<target URL>>

We will be in touch with customers that have requested this in the past with further details.

### Do I need to update my existing links?

Redirects will be in place, however as best practice, after 25 July please update any links to reflect the new URL – cabidigitallibrary.org. The URL structure for content is:

- Articles: <https://cabidigitallibrary.org/doi/<ARTICLE-DOI-HERE>>
- Chapters: <https://cabidigitallibrary.org/doi/<CHAPTER-DOI-HERE>>
- Books: <https://cabidigitallibrary.org/doi/<BOOK-DOI-HERE>>

### Will I need to download new MARC records or KBART files?

It will not be necessary to download new MARC records or KBART files after migration as these utilize DOIs. MARC records and KBART files will be available on the CABI Digital Library on 25 July.

### Will I need to re-register my SUSHI credentials?

If you wish to harvest your usage via SUSHI, log into your institutional account at [cabidigitallibrary.org](https://cabidigitallibrary.org) and access the usage reports section. You will find your requestor and your customer reference identifications at the top of the page.

## What actions do I need to take to add my library's branding and logos on CABI Digital Library?

If you would like to display your institutional logo or link resolver icon on the CABI Digital Library, log into your account with your institutional username and password and follow the instructions on the Co-Branding page.

**My Account**

- Personal Details
- Access Entitlements
- Redeem Voucher
- Alerts
- My Projects
- Saved Searches

**Institutional Account**

- Access Entitlements
- Usage Reports
- Link Resolver
- Trusted Proxy Server Setup
- Manage Administrators
- Co-Branding**
- Holdings

**Co-Branding**

**Enter Or Update Banner Text**

Banner Text:  **Update Banner Text**

The current text is shown above. Edit this text if you wish, and then click Update

**Change Institution Logo**

Current institution logo **Remove Logo**
